

Vision Statement Examples

Meredith US3/NH 25 Project

Meredith's village and rural settings will be enhanced by the US 3 /NH 25 corridor, which will allow easy access to village destinations while moving traffic through in a slow, steady, safe and efficient manner. Peak congestion in Meredith and the Region will be mitigated by managing pedestrian flow, educating the public about alternate traffic routes and providing for various modes of transportation. People will feel comfortable walking or cycling on the corridor which will promote the town's social life, recreational offerings, historic features, and economic vitality. Long term viability of the corridor and stewardship of the natural environment and cultural assets will remain a steadfast priority.

Pelham Town Center Project

The Pelham town center will be enhanced by changes to multiple intersections, which will make the town center safer and more welcoming to drivers, pedestrians, and bicyclists. These changes will enhance and preserve the small town character, historic setting and community aesthetics. Traffic movement for all approaches through the Pelham Town center will flow at a slow, steady, safe, and efficient manner for pedestrians, bicycles and vehicles.

Gateway treatments will provide an announcement to drivers that they are entering the Pelham Town center. The Town center will become a focal point that has connectivity and amenities, which contribute to a sense of "place", history, and pride.

Concord Loudon Road Training Example

Loudon Road will be an attractive, safe corridor that visually and physically connects at a human scale destinations east and west of the turnpike. It will be uniquely Concord place that functions well for all modes of transportation and integrates Concord history, aesthetics and environment.
